

FOCUS MEDIA SINGAPORE

Combining Venture Capital and Entrepreneurs

A member of Focus Media Network Limited • Listed on the Hong Kong Stock Exchange (HKSE:8112)

Manager / Senior Manager, Advertising Sales

A member of Focus Media Network Limited, publicly-traded company on The Stock Exchange of Hong Kong (HKSE:8112).

Vision: To be the preeminent digital Out-of-Home (“OOH”) media solutions provider in the Asia Pacific region.

Mission: To bring pioneering advertising solutions to the digital OOH medium and to build one of the largest digital OOH media networks by attracting the highest caliber people and partners in the media industry.

The next-generation digital OOH media company: Available at the elevator lobbies of premium office & commercial buildings located in the prime business districts of Hong Kong and Singapore, reaching the highly-desired but hardest-to-reach group of business executives in a captive environment. Also operate a vast In-store digital network that provides a Point-Of-Sale advertising platform for brands sold at leading retail chain-stores in Hong Kong and Singapore.

Founded in April 2004, we pioneered the concept of creating a sizeable network of flat-panel displays at the elevator lobbies of premium office and commercial buildings in the prime business districts to connect advertisers with our core audience of white collar workers/PMEBs. "Focus Media has transformed itself into a 'toll bridge', to use Warren Buffet's term, that every potential passenger (or potential advertiser) needs to pay a due" (Morgan Stanley).

We are the largest digital OOH media company in terms of the number of venues in which we deploy our flat-panel displays. Our digital OOH network extends to over 1,100 venues, which comprise of over 600 and over 400 office and commercial buildings in Hong Kong and Singapore, respectively, and 200 and 50 retail chain-stores in Hong Kong and Singapore, respectively. We are the only operator in Hong Kong and the most sizeable operator in Singapore for deploying flat-panel displays at the elevator lobbies of office and commercial buildings. We also operate the digital In-store networks for Mannings Health & Beauty stores in Hong Kong and Watsons Personal Care stores in Singapore.

"Captive TV Networks and Digital Billboards is the principle driver-of-growth for OOH, the second-fastest-growing advertising sector, after the Internet" (source: PricewaterhouseCoopers). Consumers spend more time at work and on-the-move than at home; while ad avoidance is a growing problem, ad exposure at elevator lobbies is highly captive and difficult to avoid.

Manager / Senior Manager, Advertising Sales
